October Had Great Programs

Not only did we get to learn about our local "turbines" and wind energy, but Mary Campbell and Feli Sebastian, co-presidents of Labyrinth Outreach Services to Women informed us that when women leave life behind bars, the real work of starting over begins, with all its stumbling blocks and closed doors that can detour them back to the criminal justice system.

Labyrinth Outreach Services

October Service

Our small but mighty group expressed service above self at the Tool Library Bed Blitz. Along with several others throughout the day, we made 200 beds for residents of McLean county. Many of the recipients invested "sweat equity" by helping with the process. It was a great feeling knowing one of the beds we made was going home with the little girl who helped make it.
